THE SHIFT

Black Friday isn’t a sale. It’s a launch with a deadline everyone already believes.

You don’t win on the cheapest price. You win on the easiest yes.

WHO THIS IS FOR

Small list, big month

> **You don’t need a big list. You need the right offer for the list you have.**

Ten high-ticket clients = $30,000

100 × $297

A hundred low-ticket buyers = $29,700

Same list

Both come from people who already follow you

01 · WHEN TO START

October’s job: the waitlist

> **Nobody should hear about your offer for the first time on Black Friday.**

Free value

A training, workshop or guide that ends with “join the waitlist.”

Personal DMs

Message past clients yourself: “Something’s coming. Want first access?”

Waitlist page

Live by Nov 2. One promise, the date, one field.

Your number

Know how many people you need on it by Nov 15.

02 · OFFER FRAMING

Three buckets, three offers

> **Your easiest sale is to someone who already paid you.**

Never bought

Entry offer: a course, first program, payment plan.

Bought once

Comeback or cross-sell: the next step, plus a thank-you bonus.

Current clients

Upgrade: longer term, higher tier, add-on coaching.

Each bucket gets its own offer and its own email.

02 · OFFER FRAMING

Low ticket vs high ticket

> **Low ticket sells on the deal. High ticket sells on the decision.**

	Low ticket · under ~$500	High ticket · $2K+
Price move	Discount, bundle, buy-one-get-one	Bonuses, extra access, payment plan
Window	24–72 hours, open to all	Waitlist early access, then doors
Who buys	Your whole list + warm ads	Past clients + engaged warm leads
How they buy	One-click checkout	Application, call or deposit
Scarcity	Price ends Sunday	Seats tied to your capacity
Job in the ladder	Fills the room	Pays the bills

02 · OFFER FRAMING

The low-ticket play

> **Make the yes so easy it takes under five minutes.**

Deal

A discount, a bundle, or buy one get one.

Window

48–72 hours. Short and loud.

Path

Email → page → checkout, with one $27–47 add-on.

Real goal

New buyers you invite higher in December.

02 · OFFER FRAMING

The high-ticket play

> **High ticket closes in conversations, not on sales pages.**

Who

Past clients and engaged leads. DM them yourself.

Offer

Price stays. Add a bonus call, a payment plan or a January start.

Path

Early access → short call → deposit.

Scarcity

“I’m taking 5 new clients for January.”

02 · OFFER FRAMING

If you sell both

Low ticket on Black Friday. High ticket to the people who just said yes.

Black Friday: low ticket

Open to everyone. Clear deal, short window. This is your volume.

Early access: high ticket

Past clients and hot leads only. Bonuses, deposit or payment plan, a call to close.

December: ascend

Invite low-ticket buyers to the high-ticket offer, with a January start.

02 · OFFER FRAMING

Pick one deal

> **If they need to think about the deal, it’s the wrong deal.**

Deal	Best for	Watch out
Price cut	Courses, low-ticket	Trains buyers to wait.
Bonus stack	Coaching, high-ticket	Bonuses must be fast to deliver.
Longer term	Memberships	Prorate existing members.
Bundle	3+ related products	One outcome, one theme.
Payment plan	High-ticket	Full price, easier first step.
Buy one, gift one	Programs, communities	Doubles reach. Great for CM.

02 · OFFER FRAMING

Add value. Don’t cut price.

> **Protect the price. Stack the value.**

Same math

“Buy 1, get 2 free” = “30% off 3.” The first one sells.

Instead of

“$2,000 program, now 50% off”

Say

“$2,000 program + 3 private calls + my AI toolkit. This week only.”

02 · OFFER FRAMING

Proof: keep it simple

> **Simple beats clever. Bundle what you already own.**

Cyber Monday + real scarcity

> **Cyber Monday is a second launch, not a rerun.**

Make Monday news

Real urgency

Seat caps you can defend. Bonuses that expire. Next year’s price rise.

Never

Timers that reset. “Last chance” five times.

02 · OFFER FRAMING

“For coaches who want a business that runs without them in 6 months: the Scale Program. $1,500 (normally $2,000) + 3 private calls. 50 seats, because I coach every call. Ends Sunday Nov 29.”

03 · CONTENT

October vs November

> **October earns the right to sell in November.**

October: value, no discount

- “3 mistakes keeping you stuck at $10K a month”
- A client story carousel
- A free live training → waitlist

November: proof, then offer

- Client wins with names and numbers
- “Why I only open this once a year”
- 48-hour countdown Stories

MINDVALLEY EXAMPLE

03 · CONTENT

Sell without sounding salesy

> **A reason why makes a discount believable.**

Give a reason why

“I open this once a year because I coach every call myself.”

Say thank you

“You’ve been with me, so you get first access and my best price.”

Outcome first

The deal goes in paragraph two, never the subject line.

Text, don’t shout

“a quick yes or no?” beats “HUGE SALE!!!”

Five pages

Every page has one job and one button.

Waitlist
One screen, the date, one field.

Sales page
Outcome, offer box, proof, FAQs.

Checkout
Short form, payment plan, one bump.

Upsell
One offer, one click, clear “no”.

Ads: works vs burns

> **Prospect early. Retarget late. Never pay to learn in BF week.**

Works

- October: no-discount founder video, cold
- Lead ads to fill the waitlist
- BF week: warm audiences only
- Fresh creative every 5–7 days

Burns money

- Cold prospecting at peak prices
- Generic “50% OFF!!!” graphics
- Brand-new ads launched on the day
- Cold traffic to a high-ticket checkout

MINDVALLEY EXAMPLE

Channel plan

> **One message. Every channel. Same day.**

Channel	October	Waitlist	BF week	CM + close
Email	Newsletter value	Waitlist invite	Daily offer	CM + last call
WhatsApp / SMS	—	Waitlist confirm	Same hour as email	Final hours
Social + LinkedIn	Value posts	Teasers	Proof, countdowns	CM news
Live	Free training	Waitlist Q&A	Doors-open live	Last-call Q&A
Partners	Recruit	Share waitlist	Promote	Promote CM
Paid ads	Cold, no discount	Lead ads	Retarget warm	Retarget, deadline

04 · PAGES, ADS, CHANNELS

Small team? Pick three

> **Three channels done every day beat seven done badly.**

Email

Closes the sale. Non-negotiable.

One social platform

Where your buyers already are: LinkedIn for B2B, Instagram for coaches.

DMs / WhatsApp

Where high ticket actually closes.

Add paid ads only if you started them in October.

05 · DELIVERY

Before, during, after

> **The sale isn’t the finish line. It’s lesson one.**

Before

Test every link and checkout on a phone. Emails approved 24 hours ahead.

During

Support covered all weekend. Watch replies and DMs: they’re buyers.

After

Confirmation email = lesson one. Welcome live in 72 hours. December offers by what they bought.

MINDVALLEY EXAMPLE

RECAP

The whole engine

> **Plant in October. Open to the waitlist. Close loud. Onboard. Ascend.**

Oct	Early Nov	Nov 16	Nov 23	Nov 30	Dec
Warm up	Waitlist	Early access	Open doors	Cyber Monday	Onboard + ascend

One offer per bucket. Low ticket for volume, high ticket through conversations.

NEXT WEEK WITH SABRINA

Bring these four things

> **Know your number before you write a single email.**

1 · Your buckets

How many never bought, bought once, current clients.

2 · Your track

Low ticket, high ticket, or both.

3 · Your deal

One deal type, plus your real limit.

4 · Your number

Goal ÷ price = sales. Sales ÷ your conversion = waitlist.

Example: $30,000 ÷ $1,500 = 20 sales. At 5% (use your own past rate), you need 400 on the waitlist by Nov 15.
